I DID NOT RECEIVE ANYTHING.

I KNEW FROM A CALL TO THE PTO THAT I SHOULD SEND AN APPEAL BRIEF

PLEASE, REVIVE MY APPLICATION AND APPEAL MY CASE, IT IS YOUR FLAGRANT MISTAKE

HERE IS AN APPEAL BRIEF

IF THERE IS SOMETHING WRONG OR I SHOULD SEND SOMTHING ELSE .PLEASE,MAIL ME

APPEAL BRIEF :

THERE ARE TWO THEORIES IN THE INVENTION.

1- IF YOU HAVE TWO SOURCES OF TEMPERATURE YOU CAN CREATE A THIRD SOURCE
LARGER THAN THE TWO BY USING THESE TWO SOURCES

2- IF YOU HAVE TWO SOURCES OF PRESSURE YOU CAN CREATE A THIRD SOURCE OF
PRESSURE LARGER THAN THE TWO BY USING THESE TWO SOURCES OF PRESSURE

THE UNMISTAKABLE EXAMPLE FOR THE SECOND THEORY IS THE FIGURE IN THE
INVENTION AND ITS EXAMPLE.

YOU CAN SPLIT OXYGEN AND HYDROGEN (MIXED TOGETHER) BY USING THE CYLINDERS
IN THE FIGURE OF THE INVENTION AND ITS EXPLANATION.

YOU CAN CREATE ENERGY AND PRESSURE FROM ZERO INPUT.

IT IS NOT TRUE THAT IT IS WELL KNOWN AS CLAIMED BY THE EXAMINER.

THE ACTION OF THE VALVES BETWEEN CYLINDER TO CREATE PRESSURE IS TOTALLY

NEW.

ALL OTHER PATENTS THEY HAVE AN INPUT LARGER THAN THE TWO SOURCES, BY A
VERY COMPLEX WAY WITH USE OF ENERGY AND IT IS FOR OTHER PURPOSES AND THEY
NEVER WERE AWARE OF THE THEORY.

THE WAY I USED IN MY INVENTION IS TOTALLY NEW
